Please do your Constitutional duty!

To: Sen.Jacque,

Reply-To: Ginni Thomas

Dear Senator Jacques,

Article II of the United States Constitution gives you an awesome responsibility: to choose our state's Electors. This means you have the power to fight back against fraud and ensure our elections are free, fair, and honest.

This responsibility is yours and yours alone -- it doesn't rest with any Board of Elections, Secretary of State, Governor, or even court. And it certainly doesn't rest with the media.

That's why I am writing today to urge you to do your Constitutional duty. Please stand strong in the face of political and media pressure. Please reflect on the awesome authority granted to you by our Constitution. And then please take action to ensure that a clean slate of Electors is chosen for our state.

I also wish to request a meeting with you so I can learn more about what you are doing to ensure our state's vote count is audited and our certification is clean. Please let me know when we can meet (live or virtually) for this critically important discussion.

Thank you
Ginni Thomas
